International Business School Kronenburgh

Explore the world!

Is it your ambition to explore the world and work within international business? Then we welcome you at Kronenburgh International Business School. We are here to support you in achieving your ambitions.

Kronenburgh International Business School is a private school. This results in a different education approach: Think – Act – Grow. First you will receive structured theoretical lectures: Think. Then you will work on your assignments: Act. During the internship you can practise everything you learned and become the manager / consultant, international business is waiting for: Grow.

As a small-scale school we work in smaller groups (15 on average). We continue to offer you opportunities to successfully complete the programme. But we never lower the ambitions. A 'Kronenburgher' lives up expectations.

As a Business School our lecturers come from Business Practice. Lecturers who enjoy sharing their knowledge and experience with you. Part-time students also bring their experience so you will also learn from each other.

As an International School our programmes are in English and built on BTEC units: a globally used, recognized, and

valued education system. Kronenburgh is therefore licensed by Pearson.

We offer this 3.5 parttime programme in collaboration with Pearson and the University of Essex's. In the first year you will receive the Higher National Certificate and in the second year the Higher National Diploma from Pearson. Then the bachelor's degree comes from University of Essex. An international certificate, diploma and degree highly valued in business.

Come and tell us about your ambitions and how you see your future. We then discuss how our International Business programme can help you make this future a reality.

Explore the world!

We educate talent for
future board positions***

Study in The Hague

In historic The Hague, city of Peace and Justice, the Dutch government and the Royal family have their residence. Also, many international organisations and companies have opted for our city.

What kind of organisation or company do you want to work in the future? At Kronenburgh you will learn all you need to make a great start or make a next step.

Thanks to the presence of International schools, Universities of applied science, the Leiden University, the Institute Social Studies (ISS) as part of the Erasmus University and of course Kronenburgh International Business School, there is a true student life in The Hague.

The Kronenburgh lecture building is in the centre of The Hague with both stores and cosy terraces.

Of course, there also is the beach in Scheveningen, so you can get a breath of fresh air after a day of wonderful learning experiences.

If you sign-up for a Kronenburgh programme you can become part of all that. You are welcome to enter our international community!

The part-time programme structure

BTEC Internationally recognised

The Kronenburgh International Business programmes are built on BTEC units. A unit is a set of lecture days around one subject such as 'Business Strategy'

BTEC is developed in collaboration with a wide range of students, employers, higher education providers, colleges, and subject experts to ensure that the qualifications meet their needs and expectations. BTEC developers also worked closely with the relevant professional bodies, to ensure alignment with recognised professional standards. Therefore, BTEC qualifications are widely recognised by industry and higher education as the principal vocational qualification.

BTEC qualifications are awarded by Pearson, the UK's largest awarding body offering academic and vocational qualifications that are globally recognised and benchmarked. Pearson is the world's leading learning company.

The Kronenburgh programmes

Kronenburgh International Business School combines the BTEC units into the following programmes:

- 1. Pre-University / Foundation programme**
Pearson BTEC level 3 Extended diploma in Business
Pathways: International Business or Entrepreneurship
1-year programme
- 2. Higher National Certificate HNC / Associate programme**
Pearson BTEC level 4, in International Business and Management
Pathway: - (standard programme for all students)
1-year programme
- 3. Higher National Diploma HND / Business Pathways**
Pearson BTEC Level 5 in Business
Pathways: International Business Management, Entrepreneurship, Law, Marketing, HRM, Procurement Supply Management or Finance.
1-year programme
- 4. Bachelor's in business and Management BA (Hons)**
University of Essex / Kaplan Open learning
Top-up Bachelor's degree in business and Management Undergraduate
1-part-time or 1,5-year in part-time

Level 3

Pre-University / Foundation programme

At level 3 students will work on the students employability skills: (1) cognitive and problem-solving skills – using critical thinking, approaching non-routine problems, applying expert and creative solutions, using systems and technology, (2) interpersonal skills – communicating, working collaboratively, negotiating and influencing, self-presentation and (3) intrapersonal skills – self-management, adaptability and resilience, self-monitoring and development.

Students will also build transferable knowledge and skills for progression to university: (1) the ability to learn independently, (2) the ability to research actively and methodically and (3) the ability to give presentations and be active group member.

Level 4

Higher National Certificate HNC / Associate programme

At level 4 the focus is on the holistic development of the practical, interpersonal, and thinking skills necessary to be successful in work and in higher education. Students build solid knowledge and transferable skills relevant to secure senior roles within many rewarding fields including international trade, transports and logistics corporations, financial and investment institutions, government agencies and global business consultancies.

Level 5

Higher National Diploma HND / Business Pathways

At Level 5 students develop a sound understanding of the principles in their field of study and will learn to apply those principles more widely. They will have learned to evaluate the appropriateness of different approaches to solving problems. They will be able to perform effectively in their chosen field and will have the qualities necessary for employment in situations requiring the exercise of personal responsibility and decision-making.

Students will become professional, self-reflecting individuals able to meet the demands of employers in the business sector and adapt to a constantly changing world.

Level 6

Bachelor's in business and Management BA (Hons)

At level 6 students build further on their academic and professional skills. These skills will enable learners to advance to academic conventions, procedures and considerations relevant to study in higher education. It will also enable learners to develop relevant academic skills towards professional, organisational and self-management attributes that are associated with professional practice.

Structured learning

We provide the HNC lecture days on Tuesday afternoons and evenings. The HND lecture days on Thursday afternoons and evenings. Presentation meetings are held every five weeks on Wednesday afternoons and evenings.

At the Top up, the Kronenburgh supervision is given on Thursday evenings during online meetings. Further more you will be working in the online environment from the university of Essex.

In principle, we provide these lecture days in our college building. It is also possible to participate via zoom.

Think – Act – Grow

During the lecture days we focus on the new theory (**Think**). We also translate this content to the assignment that comes with every unit. Here you apply the theory into practice. You will draw your own conclusions and formulate advice with a critical eye based on literature.

The assignments are done in your own time and partly at work (**Act**). We start every college day with an 'kick-off-test'. This way you, as well as the Lecturer, gets feedback on the learning processes every day.

At the end of the unit there will be an exam training to prepare for the theoretical exam. This is the way we prepare you for the internship and professional work or the master programme (**Grow**).

Unit structure

Every unit includes 4 college days. At the fifth collegedag there will be the theoretical exam. Then there is a formative week where you will receive feedback on your draft assignment, followed by the summative week where you will do your presentation and hand-in your final assignment.

Lecturer's practice what they preach

Our lecturers work in practice in the field they teach. Therefore, they can best talk about their professional practice. Based on their own experience and love for the profession the lecturers will share best practices with you. So, learning becomes much more interesting supporting the student ambition.

Ambitious Students

Students at Kronenburgh are ambitious and opt to accelerate their diplomas, are willing to go the extra mile to achieve goals in the future. It is interesting to be inspired by fellow students.

Small scale

The number of students per group is on average 15. This way lecturers and students can collaborate intensively during the lecture day achieve the learning objectives. There is a social binding. So Kronenburgh is not a learning factory. Students can just drop in at the study desk, the college director. At Kronenburgh we just want students pass the finish line and hand out a Kronenburgh certificate, diploma, or degree.

Preparing for Business

Time is time, a deal is a deal, a deadline is a deadline. These are the primary rules at Kronenburgh.

Internship: now for real

HNC, HND and Top-up periods include an internship. The internship may be replaced by working hours. In addition at the HNC there is a business project, at the HND a research project and at the Top-up there is an Advance Business Project. The purpose is to use the internship company as a case study for the unit assignments and projects (if possible).

programme (on top of HNC+HND)**

Do you see a future career in (international) business for yourself? Do you want to be trained as a business manager and do you want to significantly grow the international activities of the company? Then this bachelor's programme in International Business and Management is exactly what you are looking for. In the Netherlands, 'Business Administration (Bedrijfskunde)' is the common name for this program.

More and more companies are competing in a global market. To be successful in international business, you need to understand different cultures and markets and adapt the business to specific needs. Do you have the ambition to lead the international activities and thus boost turnover and profitability? Then start the BA program at Kronenburgh International Business School and obtain your bachelor's degree.

Programme

The bachelor's programme first starts with the HNC programme, followed by the HND programme.

In the HNC year you have become acquainted with the important management areas like Business Environment, Marketing, Entrepreneurship, Management Accounting, Management Operations, Human Resources, Financial Accounting and Law. You have run a business project during the internship.

In the HND year you have specialized in one of the pathways: International Business Management, Entrepreneurship, Law, Marketing, HRM, Procurement Supply Management or Finance. During the internship you have run a business research project.

Now we move on again to the Top-up programme.

With an emphasis on practical and academic skills and knowledge development, the program helps to develop expertise in project management, report writing, presenting, strategic thinking, teamwork and leadership. Working with case studies to illustrate the application of business theory to real-world scenarios will give further insight into the sector of business management.

With a Top-up a student graduates with significantly enhanced employment prospects.

At the Top-up you can choose (I) 1-year part-time study at a university abroad, or (II) 1.5-year part-time study at Kronenburgh and the University of Essex. You will also work part-time within business.

(I) Top-up at University abroad

Studying at a university abroad is an immensely valuable experience and will feature prominently on your CV for a lifetime. With the Level 5 Higher National Diploma HND RQF you can access the Top-up program at many universities in the field of "Business and Management" or a similar field of study.

The specifications of the Top-up lecture program and the organization of education differ per university. Keep in mind that the admission requirements of these universities are subject to change. For example, additional or different requirements can be set every year for the level of English and the level achieved at HNC and HND, etc.

(II) Top-up at Kronenburgh and University of Essex

The Top-up program is offered by Kronenburgh International Business School in collaboration with the University of Essex and Kaplan Open learning. The academic level of the program is rising again. Students will now study the literature more independently and complete assignments: apply what you have learned in the first two years.

All students again participate in the same lecture program. Once again, the students work on an assignment per unit. Students also write an article for each unit. Students are expected to actively participate in the online group discussions initiated by Essex (and Kaplan).

The students also write a personal learning report for each unit. The study counselling is provided by Kronenburgh, the University of Essex (and Kaplan Open Learning).

Pre-recorded lectures are also available in the online environment of the University of Essex, along with other lecture materials such as the readers. The online learning environment is managed by Kaplan Open Learning on behalf of the University of Essex.

With fewer hours of lectures, there is more time for the internship and the graduation assignment: the Advanced Business Project (an in-depth study). You can also graduate without an internship.

With the graduation assignment you can focus again on your specialization from the HND year, but you can also choose a completely different direction. Your research assignment must be pre-approved by Essex.

The University of Essex conducts final assessments of student work for all units and the graduation project. The University of Essex will eventually also provide the bachelor's degree. The graduation ceremony is also at the University of Essex in the UK.

Top-up level 6 units

- Global Business Environment
- Business Strategy
- Strategic Human Resource Management
- Business Law
- International Marketing Strategy
- Business Finance
- Advance Business Project (an in-depth research)

Further learning

After completing the Bachelor programme, you can start working or continue your studies: a master's degree at a Dutch university or higher vocational education institution or an international university. For example, consider one of the following master's degree programmes:

Master of Business Management MBM

Master of Business Administration MBA

Or a master that matches your specialization:

International Business and Entrepreneurship

Human Resource Management

Entrepreneurship and Innovation

Organizational Change Management

Logistics and Supply Chain Management

 - Students that have studied in English for last two years.

The Kronenburgh Language College in The Hague offers courses to bring you at the right level of English. Do you not meet the admission criteria, but do you think you can still meet the level of the program? Then take the Kronenburgh IBS 21+ test.

The best investment

Kronenburgh is a private school and offers international recognised programmes.

There is no duo finance, but you can make use of the STAP budget: Stimulation of the Labor Market Position (STAP). You can apply for up to € 1.000,- per year through the UWV. An annual total budget of 218 million euros is available for the scheme, divided over 6 application terms. Gone = Gone, so be on time!

You bring your own laptop. We work with Microsoft Office suite (Word, Excel, PowerPoint (full software versions, so no free or limited versions)).
You have a representative business suit.

Admission procedure

Every Tuesday evening there is a walk-in evening at the Kronenburgh International Business School in The Hague. Come by and we will discuss the possibilities to register for one of our programmes.

For more information, visit
www.ibs-kronenburgh.eu.

If you currently live abroad, we will organize a zoom-meeting.

You can read which documents we need to register on our sign-up page on the internet.
